

LIFE CYCLE OF A TREE with **Zayn & Zoey**

Zayn and Zoey were fascinated by nature and loved learning about all its different aspects. At Grandma Grey's farm, they always learned something new. This time, they helped Grandma plant seeds. While helping her, the kids learned about how a seed grows into a plant and the life cycle of a tree!

Let's Chat!

After reading the book, let's discuss the story together and see how much of the book you remember!

- Are plants living or non-living things?
- What are the three things that a seed needs to grow?
- What is the first stage of a tree's life cycle?
- What fixes the plant into the soil?
- What is a sapling?
- In the process of photosynthesis, what do the leaves make for the plant?
- What does a sapling turn into?
- How do leaves benefit planet Earth?
- In which season do flowers and fruits grow?

HANDS ON FUN!

Here are some fun activities related to the life cycle of a tree to do with children.

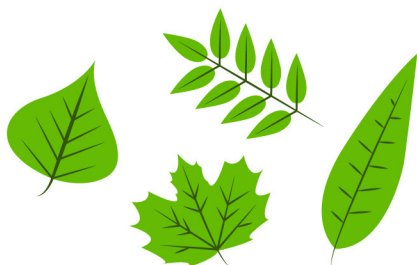

Leaf Painting and Printing

Use fallen leaves to make vibrant works of art!

Things you need:

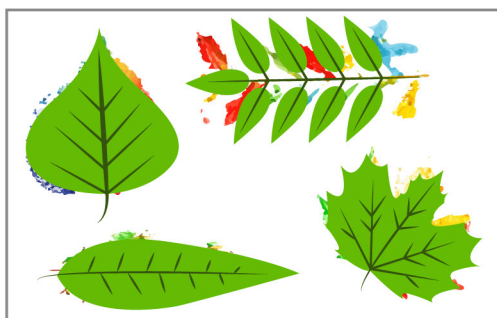

- Fallen leaves
- Paints
- Paint brush
- Thick paper

Steps to follow:

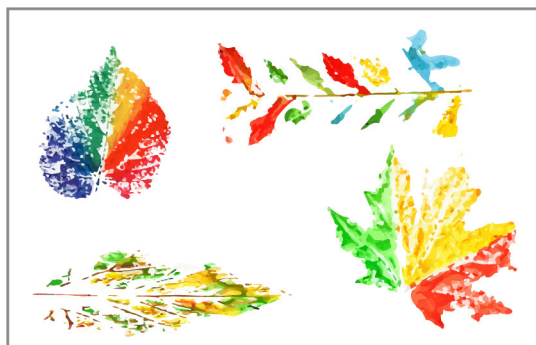

1. Go on a fun excursion to collect fallen leaves of different shapes and sizes.

2. Paint each leaf with a variety of colours.

3. Press it on the paper while it's wet to make leaf print.

4. Make a design using leaves of different shapes and sizes. Your unique leaf canvas is ready to pin!

Grow in Gratitude

Let's be thankful for all that Mother Nature has gifted us with!

Things you need:

- Scissors
- Glue
- Black marker

Steps to follow:

1. Cut out the leaves from the printable.
2. Think of 10 things that Mother Nature has gifted us.
For example, sunshine, food, clothes, pencil, etc.
3. Write one on each leaf.
4. Paste the leaves onto the barren tree.
5. See how being thankful makes the tree beautiful!

Parts of a Plant

Do you know all the parts of a plant? Cut and paste the labels in the correct boxes.

Roots

Leaf

Stem

Flower

Fruit

LIFE CYCLE OF A TREE
with
Layn & Zoey

Where do they grow?

There are so many different types of trees and they bear delicious fruits too!

Draw a line to match the fruits with the trees they grow on.
